

Ecologica Projects

Classic and modern, a product suitable for any setting.

A NATURAL MATERIAL

Cotto clay is a natural material, suitable for all environments: both indoors and outdoors.

In the photos below natural cotto clay tiles from the Ecologica range are installed in a **winery**.

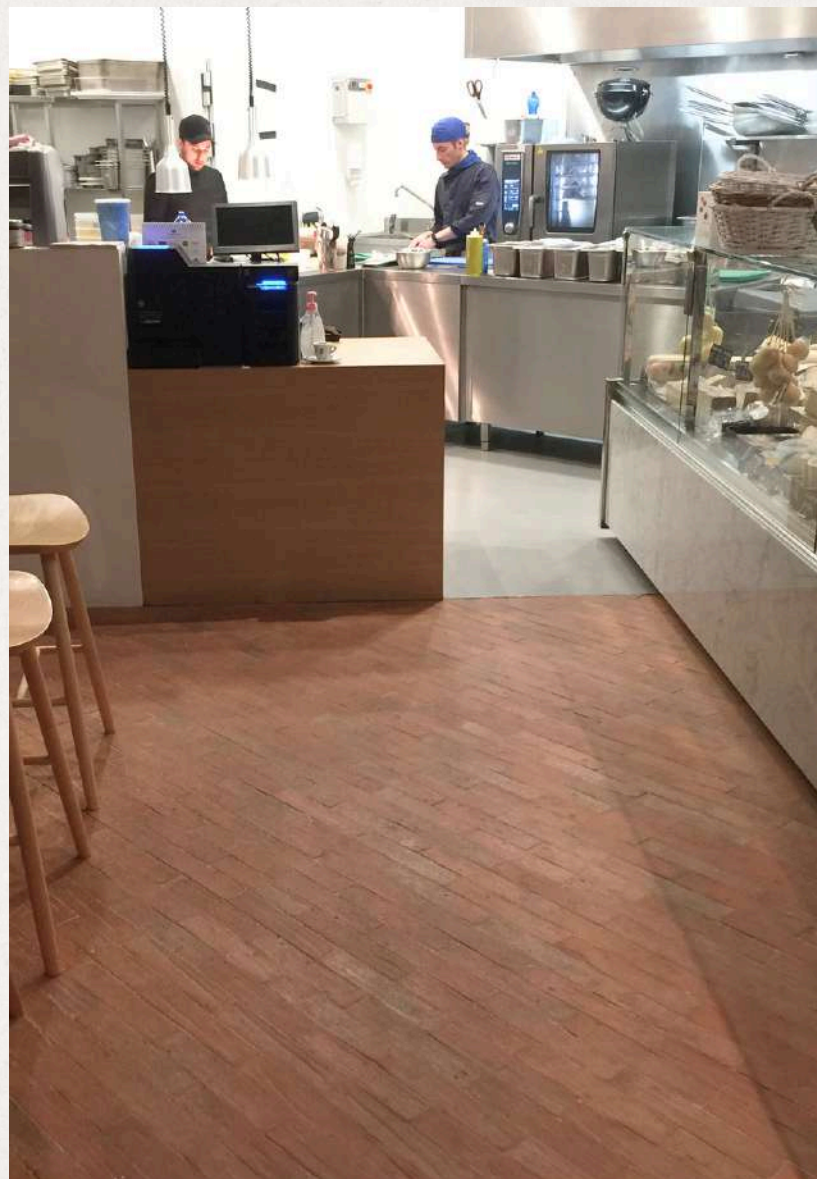

6X30 CM - 2"X12" IN
FOR COLUMNS AND
ROUNDED WALLS

Ecologica 6x30 cm, installed
vertically inside a **wine bar**.

6X30 CM - 2"X12" IN FLOORING FOR A RESTAURANT

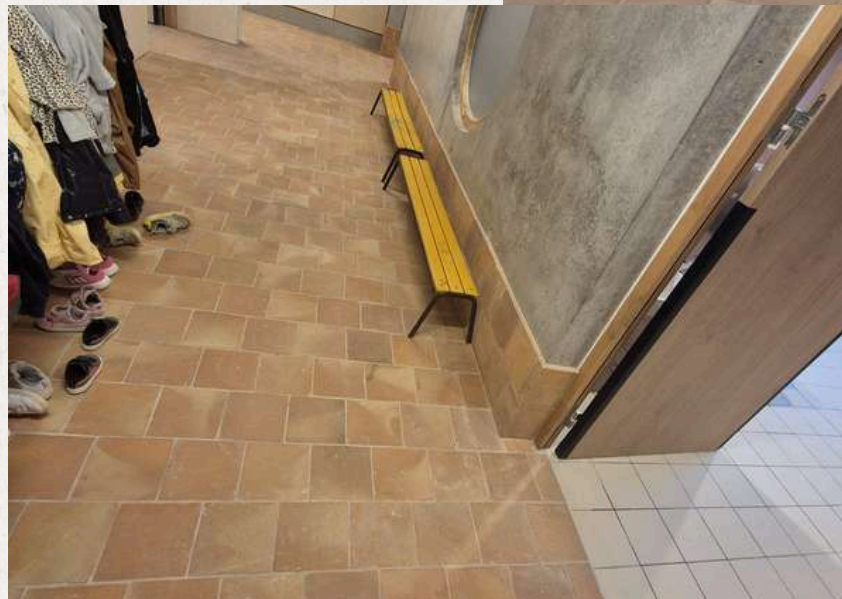

This **restaurant** has opted for 6x30 cm tiles laid diagonally for its floor. This particular layout, combined with the different shades of natural cotto clay tiles and the variation in the handcrafted tiles, creates a sense of **movement** and **warmth**.

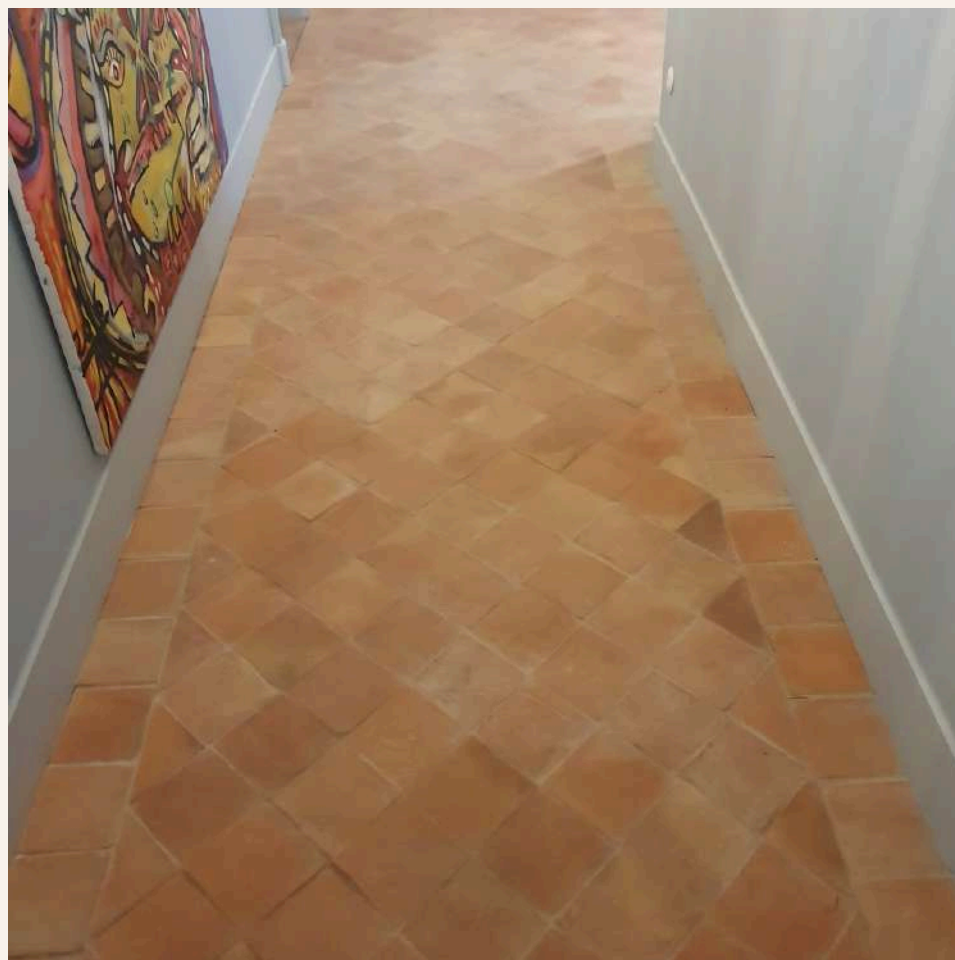

The soft lighting in the restaurant enhances the natural beauty of cotto tiles, creating a warm and inviting atmosphere. Each tile tells a unique story, with slight imperfections that bear witness to the craftsmanship of the product.

The floor, being hard-wearing and durable, promises to **retain its charm over time**, providing the backdrop for many evenings of conviviality and good food.

FLOORING FOR A SCHOOL

Thanks to its pre-treatment and **R13 slip resistance certification**, our natural cotto clay tiles can be laid in any location, including places such as schools and public offices.

COTTO TILES WARMTH FOR HOTELS

Discover how the **warmth** and **elegance** of natural cotto clay tiles can enhance the atmosphere of hotels.

No other material, with its **warm tones** and **shades**, is able to create such **stylish atmospheres**. It is also ideal when contrasted with walls decorated in a modern style.

The versatility of cotto clay tiles makes it perfect for floors, wall coverings and even decorative details. Its ability to age gracefully adds a **timeless charm to spaces**, which becomes even more evident as the years go by.

In a hotel room, natural cotto floors create a **warm** and **welcoming atmosphere**, perfect for welcoming guests. They can be paired with elegant furniture to create a refined and relaxing environment. Its natural strength and durability make it a practical as well as aesthetic choice, suitable for any lifestyle.

COTTO TILES FOR EXTERIOR WALLS

Natural cotto clay is a material that has been used for centuries to build and clad **external walls**. It is prized for its durability and its rustic appearance, which blends harmoniously with the natural environment.

The warm, earthy tones of natural cotto clay tiles lend a timeless charm, whilst its weather resistance makes it ideal for a variety of climatic conditions.

Perfect for **gardens, courtyards** and **terraces**, cotto clay not only adds a unique aesthetic touch but also helps to improve the thermal insulation of the structures to which it is applied.

Thanks to these qualities, cotto remains a popular choice among architects and designers seeking to combine tradition and functionality.

ECOLOGICA FOR SWIMMING POOL FLOORING

Cotto clay is a natural material that is perfect for use in **wet** and **damp** areas, thanks to its ability to absorb moisture and withstand the elements.

Furthermore, its **R13 slip-resistant** surface makes it ideal for pool flooring, ensuring safety and comfort. The warm, earthy colour of natural cotto clay tiles blends harmoniously with the surrounding environment, creating a welcoming and relaxing space.

Thanks to its **durability** and **easy of maintenance**, cotto is an excellent choice for those seeking an aesthetic and functional solution to enhance their outdoor space.

In the pictures below, the 15x30 cm and 30x30 cm sizes were chosen.

FLOORING FOR PRIVATE HOMES

Natural cotto clay tiles have always been a popular choice for **house floors**.

Thanks to its versatility, the final look can be customised with a light waxing, giving the surface a glossy finish.

LUXURY HOTELS

Cotto clay tiles were also chosen for the indoor and outdoor flooring of this renowned international luxury hotel.

The **pool area** also features terracotta flooring, which, with its warm, natural tones, blends perfectly with the elegance of the surrounding spaces, creating a **welcoming** and **refined atmosphere**.
